Monitoring SNMP

Today you will be working with PRTG Network Monitor tools.

1. Download it from https://www.paessler.com/download/prtg-download
2. Install software
3. Do your lab assignments by this following reference:
   https://www.youtube.com/watch?v=zG7ND-fZ8MQ. Herein, it will be considering how to add
   Windows 10 to PRTG and about configuring SMTP.
