Politics of KazNU named after Al-Farabi in the field of quality is an integral element of university management and the basis for planning its educational activities. The university management must ensure the effective implementation of this Quality Policy by all university personnel. Each university employee bears personal responsibility within the limits of his competence for the quality of his work. Everyone should understand that the well-being of the university and the well-being of its employees depend on the level of customer satisfaction with the quality of our work.
